Note:

Block One is the first set of courses in the Maricopa Community Colleges District Nursing Program.

Summer placement data are included in the Fall category.

Deferrals are also counted in the Waiting List. Students may defer placement one time for one term only.

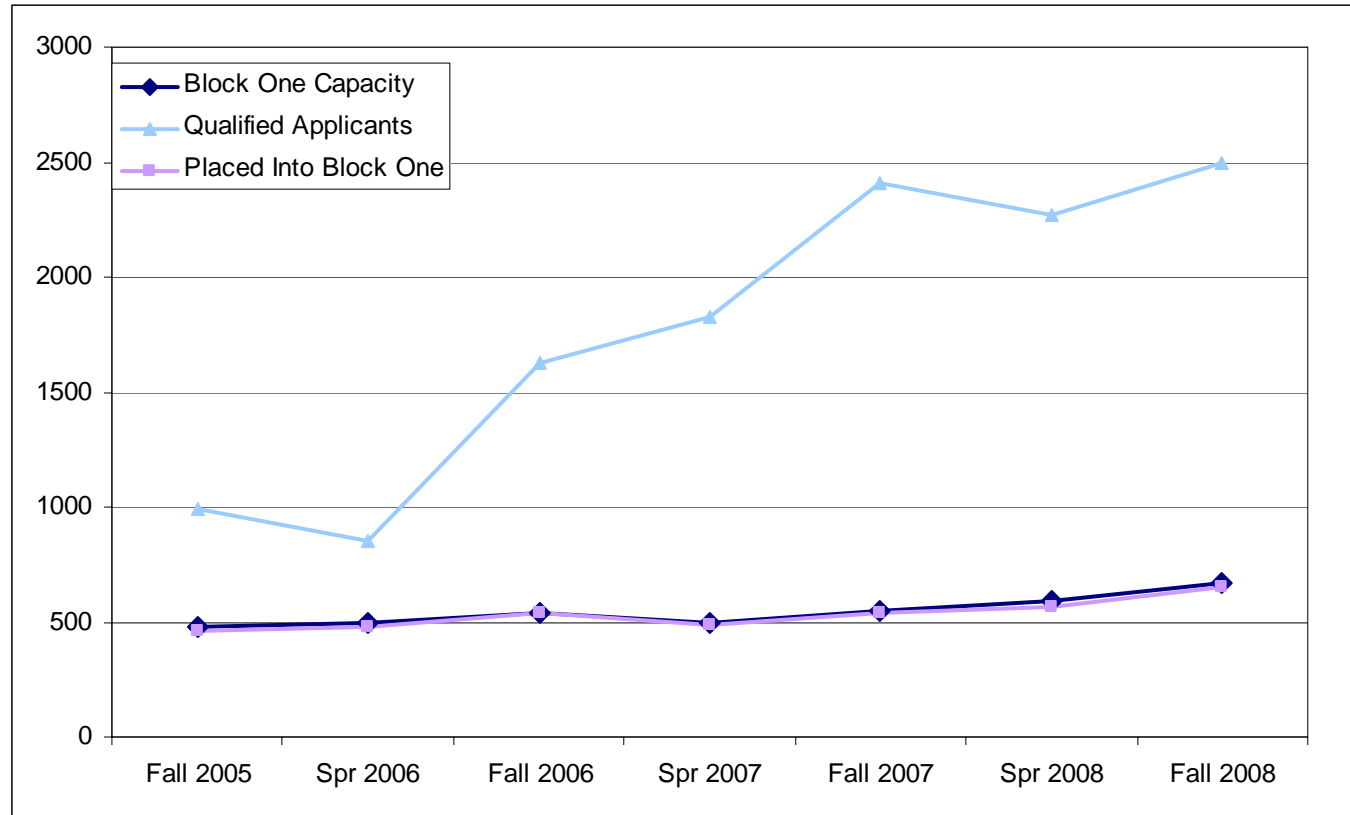

Qualified Applicants awaiting placement will be eligible for placement in the next available opening.

Placements may not equal capacity. Some 'slots' may go unfilled if there are no students awaiting placement who chose the open placement site.
